KAKAPO 10 FRAME TENT

CODE KC070-606

SUNROOM & FLY AVAILABLE SEPARATELY

Check Out Features Here

Once one of NZ's most common birds, the **kakapo** is now one of our rarest. The **kakapo** is the heaviest parrot in the world and is the only one that is flightless and nocturnal. It's wings are not useless though, as the **kakapo** uses them for balance when climbing.
